NEWS OF WEEK AT DRAUGHON COLLEGE.

Graduates of Popular School Placed in Good Positions.

Miss Wenona Miller, who has been visiting at her home, Harrison, Ark., is expected back Monday.

Ernest Godfrey, of Wewoka, Okla., who has been taking bookkeeping for a short while, will transfer to Draughon's college at Muskogee, next week.

Clay Harkness was placed by the college in a \$65 bookkeeping position Tuesday. His work is in Springfield with a construction company. Mr. Harkness graduated from the bookkeeping and business department in three days less than three months.

Miss Alene Bribeck, of Monett, has transferred to Draughon's college, Kansas City, and will take up the work there Monday.

Wednesday, Manager Bates placed L. B. Crain with the Springfield Seed Co., as shipping clerk.

Miss Lillian Allen left Friday for her home in Monett. She will return Monday morning.

Earl Caldwell, who has practically completed the combined course, accepted a good position at the Frisco Friday.

Miss Daisy L. Brenner, a former student, writes from Ft. Smith, Ark., that she is getting along fine with her position as stenographer with the Ft. Smith Terminal Warehouse company at a salary of \$70 per month. Her sister, Muriel, who is also a former student, is in Muskogee, employed by the law firm, Pursel-Gavin and draws \$75 per month.

Prof. C. I. May, principal bookkeeping department, will return Monday from his home at Jackson, Miss., where he was called on account of the death of his father.

Earl Mattox has accepted a good position at Harrison, Ark., and left Thursday to take up the work.

A large shipment of new tables came in Wednesday, and yesterday were placed in readiness for service Monday. For some time there has been shortage of tables, but some fifty more students can now be accommodated.

The large shorthand and typewriting rooms have become so crowded that it has been necessary to open up a new typewriting department. A number of typewriting desks and eight new Underwood machines have been added to the already extensive equipment. Miss Maimie McClanahan, who is a first-class literary teacher, will be placed in charge of the new typewriting department Monday. Miss McClanahan is a graduate of a business college in touch typewriting and Graham shorthand and has had pedagogical training at the state normal.

Henry F. Adams accepted a stenographic position with the Frisco and began work yesterday.

Miss Bessie Kirkham, of the bookkeeping department, was placed with the Crystal Steam Laundry Saturday.

The students of the penmanship department are thoroughly enthused in their work, and show their appreciation and anxiety for good writing by careful attention during the general lectures given by Mr. Van Kirk, the expert penman. Mr. Van Kirk's method of rapidly illustrating every idea and phase of instruction from the blackboard vividly impresses every thought and form to be written by the student. Under his method of rapid muscular training students are able to make as many as 240 legible capital O's per minute.

The above article, which recently appeared in the Springfield Leader, is well worthy of production in the News, when you consider the large number of young people who need to attend a real good business college. There are many young people right here in Jasper county who work three months for what a Draughon college student gets the first month he gets out of school. The young people of this section are energetic, and as a rule make fairly good use of our public and high school, but the trouble is, they stop too soon. Every young person should attend a first-class business college; and without a doubt Draughon's are the leading business schools of the United States.

The great Draughon Company now conducts 35 colleges. Three of these colleges are located in Missouri. They have 100,000 former students, a large number of which are now cashiers and presidents of banks, and many others are leading business men. During the past twelve months, Draughon's college at Springfield has increased its attendance over 200 per cent, and notwithstanding that fact, A. J. Bates, the present manager, informs us that he is unable to fill more than one-half the good openings referred to him for bookkeepers and stenographers. He now has three substantial business firms of

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spanier of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address in Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

One Saloon Quits.
"Gone But Not Forgotten" was the legend that appeared Sunday morning on the door of the Palace saloon at Carthage. The place closed Saturday at midnight, its license being the first to expire at Carthage since the local option election. For a few day prior to its closing the proprietors held what they chose to call a "fire sale of fire water" and many thirsty ones laid by a supply of booze for the long dry days to come.

Wants Rural High School.

Iantha is going to try, this spring, to organize the first rural high school to be started in Barton county. At the spring election, the Farmer's district to the north and the Cross Roads district to the south, and the Iantha district will vote upon a plan to consolidate the three districts into one. If this is done, school will continue to be held in the Cross Roads and the Farmers school-houses, for the benefit of the pupils in the lower and primary grades, but the pupils, perhaps from the sixth up will go to a high school maintained at Iantha. One school board will disburse all the money, and employ all of the teachers.—Lamar Democrat.

The skating rink continues to draw its crowds. Manager Long of the skating rink has announced a mask "ball" at the rink next Wednesday night, and the young folks are planning all sorts of telling effects in the way of costumes.

"TRIAL SHORTHAND LESSON"

100 words written with 100 strokes. Eclectic Shorthand speaks for itself. You can both read and write this lesson in one hour or less. Try it, and mail sample of your work for correction, we will then send you two additional lessons, free of charge.

SHORTHAND LESSON No. 1

Memorize the following characters:

m n s d h i t w v o r

All words in shorthand are spelled by sound. There are five positions, representing the five vowels, and by writing any of the above consonants on i position which is the line, the letter i will follow each written character, thus:

mi ni st at ht ut it th vt of st

Now if this is true of i position, it is also true of all positions, thus:

NOTE.—A dot on i position is I; on o position O or one; on u position you.

Read and write the following sentences several times:

Ma I se yu? He ma no me. Do yu no me? I sa I no yu. Do yu se the wa to go to the se? Ma we go to? Yu no he ma li to yu.

KEY TO THE ABOVE SENTENCES

Ma I se yu? He ma no me. Do yu no me? I sa I no yu. Do yu se the wa to go to the se? Ma we go to? Yu no he ma li to yu.
